Bankgirot's CEO Torbjörn Ericsson is leaving his post after driving through major change work since 2015 to adapt the company's technology and work processes to the future payments market – which is undergoing rapid transformation.

“I would like to thank Torbjörn Ericsson for his efforts during an intensive period at Bankgirot,” says Chair of the Board Nils-Fredrik Nyblaeus.

The Board has appointed Jeanette Jäger to the position of interim CEO at a time when the change work is entering a more customer-oriented phase.

“I would like to thank the Board for their show of confidence and will now continuing working with Bankgirot's future plans and vision in close cooperation with our customers,” says Jeanette.

For the past year, Jeanette has headed the Digital Services and Sales & Marketing divisions at Bankgirot. Jeanette has worked with digitisation in the banking and finance sector for more than 20 years. Her experience encompasses, among other things, the launch of the first online bank and she has held global management positions within Financial Services at Tieto.
